

How to Delete Apps from iPhone

Step 1. Press and hold down on the app you wish to delete. The apps should begin to jiggle.

Step 2. Press the "x" that will appear in the top left-hand corner of the app to delete it

Step 3. Press anywhere on the screen to stop the apps jiggling, avoiding the "x" symbols as this will delete an app

To delete photos and videos from an iPhone, see the steps outlined in the smartphone guide as they are similar
